THE BEAUTY OF REAL WOOD.  
THE EASE OF A LAMINATE.

Treefrog Veneer is a complete collection of over 40 prefinished real wood veneer laminates ideal for use in vertical and light duty horizontal interior projects.

Our process uses faster growing and more commonly occurring tree species to create the look of more exotic woods. This process also ensures a consistent selection in design spaces of any size.

Treefrog is supplied on a laminate backer for installation ease. FSC® options. Call or visit to learn more.

## \*Topcoat / Finish Descriptions

All Treefrog topcoats are polyurethane in various finishes (described below) except Treefrog Unfinished and Treefrog Press (70000 Series).

**Matté:** Matté (Flat) Polyurethane topcoat that emulates the appearance of a rubbed wax effect finish.

**Gloss:** Gloss (not High Gloss) Polyurethane

**Groove:** Denoted in product name. Matté Polyurethane topcoat with textured (Groove) finish.

**Sabbiaata:** Denoted in product name. Matté Polyurethane topcoat with textured finish (Sabbiaata is Italian for sandblasted).

**Bright Silk:** Denoted in product name. Satin Polyurethane topcoat.

**Melamine:** Treefrog Press has a melamine topcoat. It is Matté except 70110 which is Satin Melamine.

**Unfinished:** No topcoat. Lightly sanded wood surface.

**Backer:** All Treefrog veneers are supplied with a laminate backer except Treefrog Unfinished which is supplied on 10 mil paperback.

**Thickness:** Prefinished: .039" Unfinished: .020"

70000 Series (Treefrog Press) has alternating thicknesses between .039" and .051" because of texture.

**Weight:** 4' x 8': 8.1 LBS. 4' x 10': 10.13 LBS
