The geometric look of the Facetado White series from **ALEA**, part of the Sensory collection, produces a subtle visual effect, enhancing its relief with an almost imperceptible texture. A thin volume accent is the product's key decorative element. ALEAEXPERIENCE.COM

2

The Altimetry collection for **New Ravenna** is inspired by the elements of nature, a traditional Eastern cultural aesthetic, and the elevation and dimension of stone. The nine designs are handmade in Virginia from natural stone, gold and jewel glass, Serenity glass, and shell. NEWRAVENNA.COM
